## LIBRARIAN'S REPORT

---

There were 32 books purchased in 1951, including four books of non-fiction. We also have received several books from friends. As you all must know, the cost of books has increased much in the last few years.

We are all missing the New Hampshire Troubadour which we have received many years through the kindness of the State Planning and Development Commission of Concord. It was a little booklet that was much enjoyed.

We have now only one branch library in town.

Mrs. Mable Stevens is still in charge at "Horse Corner." Mrs. Stevens receives $3.00 for her services as Librarian.

I have received from Mr. H. F. Parker, Trustee, $72.00 for purchase of books. Many thanks to Mr. Parker for always having the Library warm for me.

The usual books have been received from the State.

## REPORT ON FIRES FOR 1951 IN THE TOWN OF CHICHESTER

15 calls answered
11 Chimney fires
1 Barn fire
1 Car fire
1 Short circuit in wiring
1 Brush fire at Epsom and Pembroke

Average of 15 men at each call.

The department has a tank truck of 800 gallons under construction. The members have given many long hard hours. Harold Fowle gave many hours in the plumbing line, also Ernest Dennis, our Deputy, Shirley Marden and Walter Sanborn. Before spring is over it will be completed.

The department has spent $266.48 of its own money for steel and other things. The next project for the department is to build a new fire house which is badly needed.

The ladies auxiliary of the department has given the department $150.00 to buy coats, hats and boots for the men and have given money for other things, also.

I want to thank all who have given so much for the department

CHARLES R. CALL,
*Fire Chief*

## Only YOU can PREVENT Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER — the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires! Will YOU help!

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the School Board and Citizens of Chichester School District:*

In submitting this report I wish to say that I shall limit myself to such recommendations as seem apparent to me after a brief study of your school system.

Your new building, of modern design and ample space, provides excellent opportunities for housing your school population for several years. The fact that in the construction of the school you allowed for expansion, if need arises, is a compliment to your foresight and judgment. It is suggested that you do a little each year to maintain the upkeep of this fine building, and in this way show prudence in your spending. You could improve the exterior appearance of the school grounds by landscaping them, doing this a little at a time. A surface coat of gravel on the driveways would improve their appearance and also save much wear and tear on the floors of the school.

You should give thought to providing a suitable sign to identify the school building.

The school kitchen could be greatly improved by the addition of some doors for the cupboards. The lower shelves are now exposed to the dust from the floors whenever swept. This dust of course to some extent settles on pans and dishes and, from a health standpoint, is not good.

Also another counter in the kitchen is needed, as well as more shelf space. The purchase of a commercial

mixer, and a potato peeler would save much labor and eventually cut costs of operation.

A new freezing unit has been recommended previously, but I would like to suggest again that it be purchased. It would save its cost in storage purposes alone.

The local School Board deeply appreciates the wholehearted cooperation of the community in the school lunch program. If at any time any one has any surplus foods, the Board will gladly accept it for use for the hot lunches.

I wish to mention the fine work of your school, the excellence of its instruction, and the faithful performance of your teachers. I think you are to be commended for having such a high quality of music instruction. This is above the ordinary for elementary schools, it seems to me. The refining influence of music and art are always greater than we at first realize. Expenditures for such training of children are fully justified.

May I express my appreciation for the assistance already given to me by the School Board, the cooperation of the teachers, and the interest of the public so far shown me. As time goes on, I hope to be helpful to you all, as we move forward in the work of providing education for our children.

WILLIAM B. HOUNSELL,
*Superintendent of Schools*
